HOANG ANH EXPORT CO., LTD

WHO WE ARE

A Mekong Delta produce house, built for export

MEKONG SUN is the export brand of **Hoang Anh Export Co., Ltd.** We were founded on a simple idea: Vietnam grows some of the world's best tropical fruit, but too little of it reaches global buyers with the paperwork, consistency and story they need to say yes.

We bridge that gap. Working **grower-direct** with Mekong Delta farms and our own packhouse, we bring together three lines — **dried soft mango, fresh young coconut and dried coconut** — and wrap them in the documentation, sampling and communication that make first orders easy.

We are deliberately focused: a tight range, done properly, for markets where we can genuinely deliver.

"From our delta to your shelf — traceable, documented, and on time."
